LATVIJAS VALSTS MEŽI

*Pētniecības projekts 1.2.1.1./18/A/004 Heterobasidion izraisītās sakņu trapes ierobežošana egļu audzēs, mežos ar kūdras augsnēm – ķīmisko aizsardzības līdzekļu pielietošanas iespējas*

Izmantojot klimata kameras, 2021. gada aprīlī ierīkots eksperiments, lai noteiktu Rotstop® un urīnvielas efektivitāti pret *Heterobasidion* konīdijsporu suspensiju atšķirīgās temperatūrās; eksperimentā ievāktais materiāls šobrīd tiek analizēts. Sagatavota publikācija par urīnvielas efektivitāti, salīdzinājumā ar Rotstop un vietējo lielās pergamentsēnes izolātu.

## Control of *Heterobasidion* in Norway Spruce Stands: The Impact of Stump Cover on Efficacy of Urea and *Phlebiopsis gigantea* and Implications for Forest Management

Astra Zaluma <sup>1,\*</sup>, Patrick Sherwood <sup>2</sup>, Lauma Bruna <sup>1</sup> , Uvis Skola <sup>1,3</sup>, Talis Gaitnieks <sup>1</sup> and Jonas Rönnerberg <sup>2</sup>

and J.R.; funding acquisition, T.G. and J.R. All authors have read and agreed to the published version of the manuscript.

**Funding:** In accordance with Contract No. 1.2.1.1/18/A/004 between the 'Forest Sector Competence Centre of Latvia' Ltd. and the Central Finance and Contracting Agency, the study 'Development of chemical preparation for reducing root rot caused losses in Norway spruce stands on peat soils' is conducted by LSFRI Silava with support from the European Regional Development Fund (ERDF) within the framework of the project 'Forest Sector Competence Centre of Latvia' Additional support was obtained by JSC "Latvian State Forests" and the Latvian Council of Sciences grant project No lzp-2018/1-0431 "Investigations on the role of *Phlebiopsis gigantea* in restricting vegetative spread of *Heterobasidion* spp. in stumps of Norway spruce and Scots pine". Further economic support was provided by Skogssällskapet and the Rattsjö foundation. Skogssällskapet provided field sites.

**Data Availability Statement:** Not applicable.

**Acknowledgments:** We are grateful to Liene Darta Lukstina, who provided help in field work.
